Dear Mary Anderson:

It required no consideration on my part to put you into the list of "Fifty" to which you referred. My judgment is - you belong there, much better perhaps than some of the others. I have always been proud of you, you know.

Do call me up when you are in New York. I am afraid we cannot get Mary Gilson for our pop-pow - she is on the Pacific, but Mary van Kleek is around. It will be fine to have a visit with you two.

Faithfully yours
