October 7, 1919.

Mr. William Allen White,
Shoreham Hotel,
Washington, D.C.

Dear Mr. White:—

I enclose copies of a hastily prepared memorandum on the use of technology in integrating our industries. I trust you will find it suitable for presentation to some of the labor leaders.

In addition to the leaders whom you mentioned, the following have been suggested to me as particularly progressive men who would be apt to take an active interest:

Mr. Woll,
Mr. Scharrenberg
The Four Brotherhood representatives.

I also understand that Miss Tarbell is very much interested in the role of science and technology in our industrial life.

It is very kind indeed of you to offer to bring this to the attention of some of the leaders. If convenient, I think it would be very well, if you could easily arrange it, for Dr. Kellogg, Mr. Zon, or myself to meet one or two of them.

My telephone number is Main 6400, Branch 505.

Sincerely,

[Signature]

P.G. Agnew
