Dear Miss Snider:

Forgive me for crowding suggestions upon you, but here is one I think really worthwhile. Mrs. Dignam a Canadian member - a good artist - and an important lady in the community as you will see from the enclosed. Could you not get her to tell us about her Club which as I understand is some fifty years old.

Forgive my suggesting this and accept my heartiest wishes for a Merry Christmas and a Happy New Year.

Cordially yours
