

3 SUTTON PLACE

October 20, 1932

Dear Miss Tarbell:

Thanks for your note
of the nineteenth.

I hope you have received my note saying that the meeting on the twenty-seventh will start at one-fifteen with luncheon, so this should give plenty of time before quarter of four. However, it will facilitate matters if you will bring with you some notation as to your preferences in their order under the different classes (see enclosure) to help the other judges should a decision not have been reached before you leave.

Sincerely yours,

Daisy Rogan

Secretary to
