My dear Mr. Flynn:

Thank you for your kindness in sending me a copy of the article headed by my name, and appearing in the October issue of the National Negro Voice. It gave me real satisfaction to include Mrs. Bethune's name in my list of women. And if it is the least encouragement to you in your work of building up your race, believe me I am happy that it should be so. With all good wishes, believe me

Very sincerely yours

Mr. R. A. Flynn
