June 19, 1935

Dear Mr. Campbell:

Thank you for taking so much trouble to provide me with the information that I asked. You put it in so compact and interesting a case that I am able to use it not only with confidence but with ease. I regret that the limitation of space for these little pieces I am doing for the Pictorial Review makes it impossible to use more freely what you send me. When one has to comment on the health program of the country from the county nurse up to the public health service all in two thousand words there are many things you would like to say which must go by the board, and of course there is always the difficulty of falling into error. Thanks to you I shall not be in error on this important matter of group, accident and health insurance.

Believe me I am most appreciative of your kindness.

Very sincerely yours

Mr. A. C. Campbell
