NOANET FARM,
CHARLES RIVER, MASS.

The Editor of the American Magazine,

Dear Sir,

I wish to congratulate

You upon your courage in printing
articles opposed to woman suffrage.
The suffragists seem to have
intimidated most editors and
as they are a very small minority
in this State, it is very unusual
to have the periodicals flooded
with suffrage literature and

next to nothing being published
on what I consider, the right
side. Many thanks to you for
printing Mrs Tarbell's excellent
articles and also for writing
them.

Sincerely yours
Caroline M. Parker.
