Dear Miss Tarbell;

I am very much delighted with the hope that you may come for our conference on the 14th. I so wish the workers here to receive the "inspirational" message which I know you have for all women at this time and a visit from one of the National Committee will help them to realize the nation-wide scope of the organization of which they are a part. We had an all-day conference in February which was very helpful and I am hoping for a greater good from this one.

Enclosed is a time table on which I have marked the possible trains. I should be very glad to have you stay over night but will speed you on any train you think you must take. Although the meeting begins at two, you would be in time for your talk if you left N.Y. at ten, if your train were on time. We will adapt ourselves entirely to you. I wish you to have time to speak as long as you will.

If you can come, I will arrange further details later.

Very hopefully yours,

Ada Wing Mead
