

Ph Security

December 21, 1936

Dear Mrs. Sibley:

Thank you for your interesting letter. It is good to know as Christmas comes on that the Mobilization has been so financially successful.

However, what interests me in your letter most is your conviction that many people are realizing as never before their local responsibility as neighbors. There is the true foundation - work for betterment and work for security, building from the bottom. The only real way of mastering these problems is mobilization of organizations, both socially and economically, I think.

As one of the Vice-chairmen of the organization I want to thank you for the gallant way in which you have carried the burden of the campaign. It is a great regret to me that I was so situated that I could give no help.

With all good wishes for the future, believe me, dear Mrs. Sibley

Very sincerely yours
