Miss Ida M Tarbell

Bethel, Conn

Dear Miss Tarbell:

Mr Priestly just called and told us you wanted him to give us your thanks for the picture showing at the theatre yesterday morning. This gives me the excuse for writing and telling you it was indeed a pleasure for us to play a very small part in helping you become acquainted with Florida.

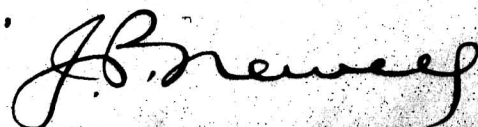

I read your first article in McCall's last night with greater interest than would have been possible if I had not met you personally. I will read your future articles with uncommon interest, and it goes without saying that we will all be especially interested in your comment upon Fort Pierce and our Back Country.

I am going to put your name on our regular Mailing List not with the idea of selling you anything, but in order that you may keep informed up to the minute regarding our activities. If some of these bulletins should at any time appear to be in the nature of a solicitation for investment, you will understand that they were prepared for others and you are merely receiving a copy for the reasons above given.

We are going to add about forty more "shots" to the film and some of your suggestions will be incorporated. Our representative will probably be in Boston with this film in May and if you are in Bethel at that time we will be pleased to have him run over and give you an opportunity to see it in your own home if you desire.

With personal regards and best wishes, I am

Yours very truly,

JPN-d
