Dear Mr. Moses:

Thank you for your kind letter about "All in the Day's Work." But don't feel so sure that it is proof that I have gone ahead of you, as you say, in the search for the goal. Indeed, I doubt if any profession except that of the parents is as effective as that of a schoolmaster.

As to that third volume I doubt if it is ever written. Maybe somebody else will pick it up, somebody younger and more energetic. But I am glad you think it is worth doing.

With all good wishes

Very sincerely

Mr. Edward P. Moses
Chapel Hill, N. C.
