My dear Miss Tarbell:

You will be interested to know that the Braille copy of your little book "He Knew Lincoln" is finished, and in the hands of the blinded boys at the Red Cross Institute for the Blind, Baltimore, Md., who are thoroughly appreciating it. This has made a very nice book of 58 pages, 6 x 10.

There is enclosed a set of Post Card views of "Evergreen", showing the boys at work and play, sent with their kind greetings.

your gift,

With appreciation of

Sincerely,

Gertrude T. Rider
