My dear Mr. Barrett:

How kind of you to answer my request for copies of photostats which you have made so promptly and so generously and I am most glad to add them to my little collection.

And will you not thank Mr. Hannah for letting me have his series. It is almost a life of Lincoln in itself, is it not?

I shall not let you forget your promise to send me more photostats when the opportunity offers. I shouldn't feel quite so bold about making this assertion if it were not that I am really asking for my college and not for myself.

I am going to get to Chicago just as soon as I can and I hope then to sit down with you and Carl Sandburg and have a real Lincoln fest - a thing that I do not often get in this town.

Very sincerely yours

Ida M. Tarbell
Per. Wolf Sec'y.
