

December 23, 1938

Dear Mr. Foster:

Miss Tarbell received your letter of December 21st together with Mr. Dewitz' painting of "Lincoln Signing the Emancipation" just as she was leaving town for a ten day's vacation. She asked me to thank you for what seems to her a beautiful conception of that great moment. On her return she will write you and Mr. Dewitz. She regrets that it is too late for her to do it now.

Very truly yours

Secretary to Miss Tarbell
