Meadville, Pa.

My Dear Miss. Tarbell.

If you have not finished your biography of Lincoln I may have some material that would interest you. I can furnish some highlights in connection with Lincoln and Vinnie Ream the sculptress who was among the last ones to talk to him. Any time you are in Franklin if you care to call and see my material and pick out anything you could use you are welcome to do so. You could not use the article as written but there may be something in it that would be of value to you in your work.
