My dear Mr. Behrend:

I have just returned from some two months in the southwest and find awaiting me your letter of March 20th in regard to a Lincoln number of a former New York World which you say that I edited. If I ever did edit such a number I have entirely forgotten it - have not a copy - and accordingly could not give you the date you ask. I am sorry.

I should like to see this Lincoln collection of yours and shall not fail to call you up on my next trip to Washington.

Very truly yours

Mr. Edgar A. Behrend
