My dear Miss Church:

Of course I remember you and the very pleasant dinner of the Altrusa Club so many years ago in Fort Wayne.

Of course I shall be glad to meet with you and the Club again if it can be arranged without interfering with anything that the Lincoln Foundation expects of me. You see I go as their guest and do not know what extras they may have on hand. The Women's Club has already invited me for dinner on Friday night and I have referred them to Dr. Warren saying that I would be glad to accept if there were no other plans. I must go on to Chicago Saturday afternoon or evening, so that the only time I would have free for you would be Saturday at luncheon. And this better be arranged with Dr. Warren, I think.

In any case I hope that I shall see you while in Fort Wayne.

Thanking you and the Club for remembering me so kindly, believe me

Very sincerely yours

Miss Margaret P. Church
