Dear Miss Tarbell:

Enclosed are the pictures which Mrs. Burr asked me to make for you .

As I had to photograph the papers in a vertical position it was extremely difficult to eliminate all distortion, especially in the picture which includes both the election returns and the heading, "The Spectator." I called Mrs. Burr about this and she asked me to submit it anyway as a proof so if it is not satisfactory please let me know and I will try to improve it.

I wish to thank you for your patronage, and please do not hesitate to ask me to make any correction you think necessary.

Yours truly,

John F. Autner
