Dear Mrs. Ehrman:

Thank you heartily for this copy of your article on "Lincoln's Indiana Neighbors", and your permission to keep it. It is excellent.

Every step in your "Lincoln Inquiry" has helped to a truer conception of the associations and influences on Lincoln's life in south-western Indiana. It is a very important work that you are carrying on. I hope some day I may have a chance adequately to analyze and report it.

I do hope you will succeed in making that pageant a permanent memorial. One can see it growing from year to year, becoming as much of an institution as the Fourth of July parade and fireworks, and infinitely more uplifting.

With the best of wishes for your June Historical meeting as well as for the coming pageant, believe me

Sincerely yours
