Dear Miss Tarbell

I must say things while they are in my mind or they slip out I recommend you to have Sarsons book before you, and read it carefully. I mean Ward Sarson not Dorothy. While I should hesitate about any fact depending on Sarson's unconfirmed evidence you may find some true incidents in the book which would attract your attention. He was very close to Mr. Lincoln in Illinois.

I have written to Mrs. Hitchcock also to Dr. 14 cases of 760 Madison Avenue. If Mr. 19: has got anything useful I think my boat will draw it out.

Yours Truly
L. H.
