Dear Miss Marbell -

I will have the set of kodaks, I promised you, by the first of next week, and will send them to you on receiving your address.

I will try to go to Shelbyville this Saturday afternoon to see if there is any record of Hughes ever owning the land we were on yesterday. If I can't go I will see that it is done in the near future - two weeks, at the most. I will advise you of the result of the investigation at once.

Sincerely,

Thos. Fisher
