Mr. William E. Gwynn
Farmers State Bank Building
Sumner, Wash.

My dear Mr. Gwynn:

Some time last April you wrote me in regard to a letter written by Abraham Lincoln in which you thought I might be interested. I answered as promptly as I could, but I have not heard from you again. Would you care to send me a photostat of the letter? I think you could have one made there; if not, a photograph. And tell me whether or no you wish to dispose of it.

Very truly yours
