Mr. Curtis A. Hodges,
The Indianapolis News,
Indianapolis, Ind.

My dear Mr. Hodges:

Thank you for your kindness in attending to my inquiries. You say that if I so desire a photograph of the tablet on the Claypole Hotel and of the State House during the Lincoln funeral, - illustrations used by the News in its issue of February 10, 1923 - could be made for me. I will appreciate it very much if you will order these photographs made, and ask your photographer to send them directly to me with his bill.

I dislike to trouble so busy a man as I know you are, but there seems no other way.

Sincerely yours,
