Dear Mr. Kincaid:

Thank you for calling my attention to this article on Mary Todd Lincoln in The Lincoln Herald for July. I think it is an excellent piece of work and am glad enough to put it in my folder on Mary Lincoln. There is an article in this issue of The Herald which touched me deeply - "A Teacher Asks Why". I am taking the liberty of calling the attention of Paul Kellogg of The Survey to it. He might like to re-print it.

I hope one of these days to get down to your University. I want to see the place as a whole and particularly to see your Lincoln collection. I doubt if there is a collection in the country which is getting at young people in the way yours is. I want very much to go down and see what you are doing.

With best wishes for your success,  
believe me

Very sincerely yours

Mr. Robert L. Kincaid
