Please to S. S. S. S.  
returning to S. S. S. S.

July 20, 1906

Dear Mr. McClure

I thank you for letting me  
see the interesting Leucis fraxinifolia  
which Solum herberti. I have  
no recollection ever having seen  
this decoloration in book or  
periodical, and whose the  
sentiment is familiar in its  
spirit. I do not think I have  
ever seen the form in any publication  
whatever  
Very truly Yours

Mr. J. P. McClure
