My dear Mr. Knerr:

Some little time ago you were good enough to send me a copy of the article you had written on Abraham Lincoln and Matilda Edwards. If of course interests me. I never took very seriously the attachment but your article makes me feel that I perhaps should have looked more thoroughly into the relationship and that thanks to you I shall be doing one of these days when I have time to take up my Lincoln work again.

Thank you, too, for permission to keep the copy you sent me. I am glad to file it for a reference.

Very sincerely yours

Mr. Harry O. Knerr
