Dear Miss Tarbell:

Indeed, we shall be delighted to have the Lincoln story mentioned in your letter of July 21st. Burton Rascoe who has just seen the letter is as eager for it as we are. I know that the story of Lincoln and the Almanack is an old story but told as you will tell it, it will be just what we want. You are a trump to stand by us so handsomely.

Best regards.

Sincerely yours,

William Morrow
