New York City.

Dear Mr. Eastment:-

I have read the first installments of the Tarbell material and am enthusiastic about them. I explained the situation with regard to the misunderstanding over the price, to Mr. Butler and he agrees with me that the fair thing for us to do is not to take advantage of the situation; but to ask you to bill us for what you think a fair price for Buffalo. In your letter of December 4, you mentioned \$30 a week.

Very truly yours,

Marc A. Rose

Managing Editor.
