My dear Mr. Lincoln:

The desk librarian, to whom your letters of May 20th and 31st were handed, reports that we do have Waldo Lincoln's manuscript of the "Lincolns of New England" which gives data on Thomas, the miller, line. Joshua Lincoln who married Hannah Danforth is listed but the ancestry is not known. No mention is made of Joshua, born 1757, who married Elizabeth Seekins.

We have also the James Minor Lincoln Collection deposited in our care by Preston S. Lincoln, which has four articles on the descendants of Thomas, the miller. These articles have been scanned by the desk librarian for the desired data but nothing helpful was found.

Very truly yours,

(Signed) Edith M. Scotty
