Miss Ida M. Tarbell.  
New York City.

My Dear Ida Tarbell;

During your short stay with me at Chamor, I mentioned an autobiography copy of the life of William Lyon Phelps, my son-in-law, Theo. P. Avery, who is a coach at Yale University has bought one for you and for me. I hope you will enjoy Dr. Phelps as much as I have enjoyed traveling with you from our early days. Am proud of the friendship and have raised my new flag in recognition of you being one of the twelve women, honored for their achievements.

Your Boy Scout Life of Lincoln is a gem and every scout who drops in the pool at Chamor will own a copy.

The room at Allegheny will be considered this summer, I mentioned it in my letter to Dr. Tolley in regretting my inability to be present at Commencement.

With loving wishes for you and your family,

Sincerely,

Wm. A. Morck
