Dear Miss Tarbell.

Replying to yours of 23d, I am making every effort to obtain for you, a copy of our Abraham Lincoln letter and you will hear from me again.

The best work I ever saw or heard of is "Latest Light on Abraham Lincoln and War-time Memories etc etc" by Ervin Chapman, D.D. L.L.D., in 2 vols of 275 pages each. I saw the author five years ago. He was an old man. The work is full of interesting material and correct in its statements.

Truly yours,

A handwritten signature in dark ink, appearing to read "John W. Lincoln". The signature is written in a cursive style with some flourishes.
