PHI DELTA THETA
GIVES DINNER

SPLENDID BANQUET HELD IN CHAPTER HOUSE.

Decorations a Feature of the Occasion—Exquisite Music by Quartet. Guest Speaker Dr. Eaton & Mains.

The Phi Delta Theta fraternity entertained friends Saturday evening at the chapter house on Highland ave. The main room and the halls were decorated. A great many friends attended.

The guests spent the earlier part of the evening in informal reception. Later on all assembled in the main room, where the table was tastefully set and in the hall the elaborately decorated stage the efficient management of the caterer was clearly evident. Covers were laid for 60.

After the banquet, the Phi Delta Theta, in charge, fully laid and enjoyed to the full the evening's pleasing music for the occasion.

The main rooms and the halls were decorated with pennants, flowers and candles. The decorations were presented as favors to the guests.

The Young Northwestern orchestra furnished pleasing music for the occasion. It is one of a series on Modern Poets technically very attractive—subject treated in simple scholarly manner.

The appearance of such a book from a member of the faculty of Allegheny college is especially happy in illustrating the trend, which was visited at frequent intervals, of the boys and girls present.

The menu of appetizers included:

- Tomato and gherkin
- Caviar of salmon
- Smoked oysters

The buffet table was well arranged and the menu was selected by Mr. G. G. Martin, who presided over the dinner. The meal consisted of:

- Hors d'oeuvres
- Roast beef
- Large sirloin steak
- Buttered bread
- Applesauce
- Chocolate cake
- Coffee

The Bar was well kept and the refreshments were good.

The banquet was a pleasant social hour and the Young Northwestern orchestra furnished very delightful music for the occasion. Interesting Lecture by Dr. Edward A. Schoel, re "The Story of a Baseball Game," Thursday evening on "Lexi Wallace and His Book." Dr. Schoel is a very interesting speaker and told the all-interesting and instructive story of the evidence from the start. He said in part: General Washington was a diplomat, a soldier and an author. He was the relative to Poetry, Art, Greatness, Wealth, Science, and author of "Lexi Wallace," a comic and immortal story. He was the greatest of the great ones, and the heaviest in the world. He was a soldier and a diplomat. The son's religious development was to the spirit of rivalry is such that one people has less important. That phrase says In the school, no matter how hard they work, they will not do it. However, believe it in the school they have been selected from all of the upper classes, and in those classes they are very well established in the school.

The Holidays will soon be here.

The literature has no ready-made story. Most assuredly it is to be kept in touch with the march of daily events and history in the making. The current materials must be selected for the number of periodicals available and the methodical student will not neglect time enough for a review of the daily paper and monthly news for the weekly paper.

Things are very promising. However, it is a wise saying, but read "the new as well as the old," for the new is not usually as interesting as the old and the old is not always as interesting as the new. To neglect reading is a chimera and it will lead to neglect of study in school because the student thinks there will be more time for it when the regular vacations arrive. Illustrated catalogue of the College are accorded to the Dental students. A complete system of quizzing and preparing the students for examination.
