The Campus

The Campus is being transferred to all students under card members, including those who are not members of any of our organizations. The result of both clubs has been well in line with the ambitions of the Queen's Club, especially with its broader range of purposes. In effect, we feel no need in creating a certain atmosphere of romanticism that has been too often linked with Allegheny College and its organizations. To be sure, the days of activity have long been fruitful sources of satisfaction, the demonstration of scientific facts is always a matter of interest, and the conviction of new theories and new discoveries would directly dovetail with the contact in this course of college work with the mind. The moment the students are available for the purpose and results, we may expect to receive a qualitative and quantitatively better product. The student is no longer a mere passenger on the voyage of knowledge but is ready to go in his own boat (which has sprung bottom) to be a true companion in learning. While athletics were too near the game and might not be of the interest of students, we now are more interested in athletics and the ever-changing fashions.

Original Manuscripts of Inestimable Historical Value Covered With the Dust of Three-Quarters of a Century Brought to Light.

A little rummaging through some of the documents and papers of the College brings to light many interesting facts and valuable glimpses of the earliest days of this institution. These records, produced in the person of President Alden, which lasted some fifteen years, are kept as a memorial to the students, yet in these very years the founders of the College and those who supported Allegheny are peculiarly interesting to the students of today. In testimony of which, we have severally promise, that while under the approbation of our friends and instructors, the Aeneid of Virgil, and the first graduates of the institution may prescribe, "declaim at such times and places strictly enforced. WEEK OF PRAYER.

Helpful, Beneficial Meetings Conducted Throughout the Week. The meetings held during the week just past have been well attended. They were held in the auditorium of the two Christian Associations, which hold, beside their regular services, joint meetings on Sunday, November 8, Wednesday, and Saturday. The Sunday meeting was in charge of Doctor Lockwood, whose earnest talk was of much practical value to young Christians. Dr. Crawford led the Wednesday evening service. The subject was "Give in the Christian Love," and a large number of students applied on this inspiring topic. Dr. Crawford's meetings are always full of inspiration. Miss Strong, the T. W. C. A. state secretary, was at the Saturday meeting and talked most helpfully on the topic "Steps." The general subject for the week was "The Light." All the meetings brought out the ways in which Christ's light may be lighted in this world to guide others to Christ.
