By Refusing to Score Wigs by Late Grove City Rules

Last week there was a game for first ball favorites and when the smoke of battle had cleared away on Saturday the Allegheny students could still see many a good thing had gone wrong.

The Allegheny game was played at the usual place, but Allegheny's part in the contest was one of those contests that made real fall football in the West.

The score of the game was 16-0, and the game was played at the usual place, but Alit, the other point was surprising for sober opponents, but even if it is true we must not overlook the other point.

**The Score at Grove City was 16-0.**

The game was played on the usual field at Grove City and the Allegheny team did not play, but they also missed the opportunity of scoring in the first half.

The Original Manuscript copy of the minutes of the meeting which was the first step taken to set up the Allegheny College. It was here that the founders set down the purposes for which the institution was to be established, and the formal document was signed by all those present.

The Rev. Timothy Allen, a member of Harvard College in the year 1814, whose interest in education led him to come to Allegheny to see what he might set up in the way of education, was welcomed with the first professor. His residence, located directly in the center of campus, was known as "Allen House." The house was situated near the family residence of Dr. Timothy Alden, on College Street.

The Compensation
These men were the first students to attend Allegheny College.

The Charter
was granted by the Pennsylvania Legislature in the year 1819, and the first classes began in 1820.

The Compromise
This was a major step in the history of the institution, as it allowed the college to continue its operations in the face of financial difficulties.

The 1829 Resolution
This resolution, drawn up in 1829, sets the foundation for the future of the college, as it outlines the goals and objectives for the institution.

The Trustee Agreement
The trustees guarantee that if the fees for education are less than what is needed, the deficiency shall be made good.

The First Commencement
This was a significant event in the history of the college, as it marked the beginning of the academic year.

The New Fall Suitings
Hagland Bros. have selected a stock of the best suits for Fall and Winter. Solid and novelty patterns for business and dress.

**WEEK OF PRAYER.**

Helpful, Beneficial Meetings Conducted Through the Week.

The meetings held during this week just past have been well attended. Their chief aim has been the training of the two Christian Associations, which hold, besides their regular services, joint meetings on Sunday, November 6, Wednesday, and Saturday. The Sunday meeting was in charge of Doctor Lookwood, whose earnest talk was of much practical value to young Christians. Dr. Crawford led the Wednesday evening service. The subject was "Be Light in the Christian Life," and a large number of students spoke on this inspiring topic. Dr. Crawford's meetings are always full of inspiration. Miss Strong, the T. W. C. A. state secretary, was present, the meeting and talked most helpfully on the topic "Light." The general subject for the week was "The Light." All the meetings brought out the ways in which Christ lives may be light to this world, and points others to Him.

**NO trouble.**

A Freshman approached Bellagio for the purpose of making a call. When he rang the bell Mrs. L. asked him, "Well, you please who was you wishing to call?"

A lady cat walked into soda, and the girl almost gave her club. The cat, "Hey, lady!"

Dr. Bead said, "Yeah!" and called the girl to the lab. There was a strange young student who opened his umbrella very fast.

"I'^m scared," the boy said, but remained seated in the lab.
