My dear Miss Tarbell,

Early in May I wrote you in regard to two Lincoln relics, a photograph and a life mask. Since then I have obtained the more specific data as to their authenticity. I had hoped to hear from you, even though indirectly as to where you think these museum pieces should go as I had believed that you were the best authority on Lincoln in the country. I know you must have a great many demands on your time but I should appreciate hearing from you.

The mask and photograph are in the possession of my sister, Mrs. Harry G. Wiard in Skaneateles, N. Y. which is eighteen miles from Syracuse if you should ever be in the neighborhood and care to see them.

Yours very truly,

*Virginia Fuller Tucker*
