

September 9, 1922

Miss Mary Clemmer Tracy,  
47 High St.,  
Passaic, N.J.

My dear Miss Tracy:

Thank you cordially for your letter of September 3, and particularly for the enclosures. I am much interested in them and shall put them with the data that I have on Mr. Tracy.

I am relieved to know that his Lincoln collection is in so good a library as that of the Hartford Athenaeum. So often collections like his are scattered on the death of the owner. I am going to Hartford soon to spend a few days in the collection, that is, if it is still open to the public. I am writing to the curator today to find this out. Just now I am on a piece of Lincoln work, and one of these days I hope to get out a sketch of your father which I have in mind. I shall want to talk with you then. Thank you for suggesting that you will be willing to see me.

Very sincerely yours,
