

May 4, 1933

Dear Mr. Townsend:

That is good news. You say that the accuracy of McCann Davis has been verified by the discovery since I wrote you of the original bond.

Will you not be good enough to tell me where it was found? I should like to have that statement to complete this correspondence.

I shall look with interest to what you are doing on Lincoln and prohibition.

With all good wishes

Very sincerely

Mr. William H. Townsend  
Lexington, Kentucky.
