Mr. Shaver  
Executive Secretary  
Lincoln Scholarship Fund, Inc.  
1 East 42nd Street  
New York City

Dear Mr. Shaver:

I am enclosing a copy of the paragraphs on Education, which we selected yesterday from Lincoln's first public address followed by a simple statement of the source. I am not quite sure that the last four lines, to which I have put my name, should be included. I leave that to your judgment.

It is a satisfaction to me to be able to render even so slight a service as this to the Lincoln Scholarship Fund. I regretted that I was out of town busy with Lincoln lectures, when Mr. Vandever's letter of January 30th was received, asking for a statement for your Lincoln's birthday release.

Very sincerely yours
