Mr. Louis Varner,
Boonesville, Ind.

Dear Mr. Varner:-

I was so interested in the record of the Pigeon Creek Church which you showed me last Friday that I have decided to go back to Boonesville and ask you to let me go thru it page by page. I am leaving Louisville Friday morning and shall arrive in Boonesville Saturday morning probably, driving immediately to your house. I hope that you will have no objection to my carrying out the plan and going over the record. I am convinced that it will throw light on the Lincolns which will be of real historic value. This quite a part from the direct contribution that it gives. Incidentally of course, I may by insisting on the value of this document put you in the way of finding a purchaser that will give the church a sum which it would consider adequate.

I should like very much while in Boonesville to talk with the Rev. Mr. France, whose daughter took so much trouble for us on our visit.

Hoping to see you Saturday, I am dear

Mr. Varner,

Sincerely yours,
