New York.

My dear Miss Tarbell:

I agree with you that your Lincoln piece is not limited to his birthday. It would be just as timely in April - so I have given it to Bob Allison and shall let you know as soon as I hear definitely from him. I know they want you to speak again.

I am still chortling over your New Yorker story. I think it made a great hit with the Heinz people.

It is nice to hear that you are feeling well again. I'll hope you'll be dropping in here one fine day soon.

Best wishes,

Dorothy Worthington
