My dear Miss Tarbell:

Reference to President Lincoln's purpose to appoint Horace Greely Post Master General will be found in Vol. 3, page 126, edition of 1909 of "A Political History of the State of New York" by D. S. Alexander, former Congressman from Buffalo.

When Mr. Alexander told me of the Greely episode he said that when President Lincoln sent his message to Greely by Waldo Hutchins Mr. Lincoln used the expression "if elected and inaugurated". This language is not reproduced by Mr. Alexander in his work to which I now refer.

Yours most sincerely,

Miss Ida M. Tarbell,
