Miss Ida M. Tarbell

My dear Miss Tarbell,

Yours of 29th
just recd, Pardon me for what
seems carelessness, for I have found
yours of 16th (the original of this one
of yours of 23rd) - just now within the
encl.

I am glad that you read my
mess "with pleasure", but you don't
say whether you consider it
really a really good article, nor
do you criticize it as I hoped
you would.

I had hoped that you might
know of some editor who might
publish it in sections, and ^{also} give
me some idea how I should
approach him - in person or by
letter, and whether I had better

have the mass type written.
 I can ~~not~~ only think of "The
 American Magazine" - and
 do not know of any medical
 or hospital publication that
 would care for it enough to
 pay anything for it.

On May 5th I am obliged to
 go to the country for the summer
 and it looks now as if I will
 have to leave the mass here until
 my return in Sept in the hope that
 in the Fall, there may be an opening.
 After May 5th my address will be
 of Mr R O Walker
 Crystal Brook
 Port Jefferson Station
 L. I.

But, no matter how what becomes
 of the article, I thank you very much
 for your kindness in looking it over
 & believe me
