My dear Miss Tabell:-

I thank you for your
very kind note with its
message of appreciation
of my father.

I think you may be in-
terested to see the little
sketch which was printed,
rather badly to be sure,
in our local paper. It
is in the main accurate,

and the few inaccuracies
will be quite evident to
you, so I will enclose
it.

I shall be glad to furnish
you at some time with
any material that I can
for the article you men-
tion. I know that father
would feel greatly honor-
ed, if he were living, to be
made the subject of an
appreciation such as you
contemplate.

Sincerely yours,
Mary Clemmer Tracy.
