Allegheny College,  
Meadville, PA.

Dear Miss Rowley::

We have just arrived home after 20 days of driving to many points.

I had expected that you would have no trouble with the other members of your selection committee in the matter of the 72 volumes of F. A. L., which I left with you.

If there is to be a hitch in the matter, please let me know. In any event, I could use this set very well, altho I want Allegheny to have it.

The arrangement was a payment of half of the \$175.

Trusting everything is satisfactory, and hoping to hear from you soon, I remain,

Very sincerely,
