Miss Ida M. Tarbell,

Dear Madam:-

The members of our Club are studying with great interest this winter the life of Abraham Lincoln. Your interesting history stands foremost in the Young Men's estimation.

On Feb. 12th a life size bust of the great Emancipator will be presented to our Club by the Sculptor, William Ordway Partridge, and we would greatly appreciate a short sentence from you regarding Lincoln to be read on that evening.

We have quite a collection of Lincoln pictures &c., in our Club Room, considering that our young men are principally of Italian Parentage and work hard for a living.

Trusting that you will favor us, I remain,

Very truly yours,

John A. Shedd
