Mr. Henry W. Scarborough,  
1200 Lincoln Building,  
Philadelphia, Pa.

My dear Mr. Scarborough:

Just a hasty note. I hope soon to have the time to write you a long letter in reply to your recent full ones to me. This is just to say that I shall be glad to contribute to the copying of the Linville Baptist church records which Mr. Estep has sent you.

I should think that Mr. Waldo Lincoln of Worcester, Mass. might be interested, as he is preparing a very elaborate genealogy of the Lincoln family.

I am willing to do my pro rata share. That is, if you get but three that are willing to take a hand, I will pay my third, understanding that it will not cost more than \$75.

Mr. Estep has already written me that he found mention of John and Mary Lincoln. This, I think, was not Virginia John, the first, but his son. Virginia John's wife was named Rebecca.

Kindly let me know what you do about the matter and what amount I shall send to you.

Sincerely yours,
