Dear Professor Scott:

I am sorry that I have been so slow in answering your letter of August 20th - I have been away from New York.

I have no objection to using in your book of "Selections for High Schools" the version of "In Mr. Lincoln's Town" which has been arranged by Miss Borchers. I think she has done a skillful piece of work. I have made a suggestion on Page 4 of the manuscript, which you can follow or not as you think best.

I am taking it for granted that you have arranged the matter with Collier's.

Kindly send me a copy of Miss Borchers final arrangement.

Yours very truly
