Dear Miss Farbell,

Many, many thanks for your kind interest and thoughtfulness in sending me the information concerning photographs of Abraham Lincoln. It was necessary to turn my theme in before your selection came and strange as it may seem, I wrote about three out of the four you selected. The Macon County picture is the only one I missed up on. I did use Meserve's book and another by Francis Trevelyan Miller, the only two I found in our Carnegie Library. We have Miller's book on our own shelf along with your books. I have begun a collection of reproductions of likenesses of Lincoln and information concerning them. Again,

May I express my thanks and tell you that I enjoyed the radio sketch prepared by you for Al Johnson and which I heard tonight.

Yours truly,

F. William Stahl
