fighting & vital - there no way but
to ~~trust~~ ~~system~~ but discipline. They
got - proud of obeying & they don't ask
anything better than to be proud of
their officers - to follow in any sense
if they'd only win. He came to fight -
to retreat if they say to me twice &

I remember just as if some yesterday
how he got up & walked up a drive
there in the night - his head down
& great big soft slouching
Polly he said - He is two days
at the - one fighting this war -
dying for the army - the other
war - the people's war -
They fight - drive their quiet &
set of cheerful - just like they
do it as they settled their army
from any other war nearly
always - ~~pride~~ ~~pride~~ ~~pride~~ -
fraid of nothing -
