

Herald of Nov. 20. abuses L. normally
in referring to ~~several~~ anything to
ally so. Exilement.

4 Inquest of Herald of Nov. 22. because
L. did not make a speech outlining
his policy at the great meeting in
Springfield - demands names
of his cabinet - editorial page

Herald continues the Dec. almost
daily call on L. for his policy.

The pressure on him of but one paper like
the Herald, to reveal his policy was enough
to turn even a firm man for the
trumpet argument & sense & real desire
to make session to his aid.
